

# POSTGRADUATE RESEARCH FELLOWSHIPS IN GENETIC COUNSELLING AND HUMAN & MEDICAL MOLECULAR GENETICS

UNIVERSITY OF GHANA

## West African Genetic Medicine Centre (WAGMC)

An African Centre of Excellence for Genetic Medicine, College of Health Sciences, University of Ghana (UG) is offering fellowships for graduate students to conduct research in genetics in UG, in collaboration with the School of Biomedical and Allied Health Sciences, University of Ghana Medical School, Department of Psychology and Department of Biochemistry, Cell and Molecular Biology.

**National (Ghana) and Regional (rest of Africa) candidates are eligible for the WAGMC Fellowship; female candidates are encouraged to apply. To be eligible to apply for the WAGMC Fellowship, you must first gain admission as a new student into one of the underlisted masters and doctoral degree programmes of UG through the standard application process of the School of Graduate Studies and the Department hosting the degree. The Fellowship will support your thesis research in the genetics specialty indicated.**
